COMMODORES COMMENTS:

Notes from Commodore Jeff Hardwick

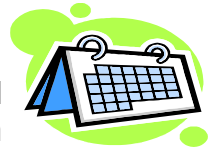

Once again we have had a busy month with a lot of activity. Our annual banquet is coming up and all are welcome. We want to have all the new members, trustees and officers in attendance so we can officially install them. We will have a program from the Muskingum River Parkway on the river locks and general information about river safety and navigation. See details under Important dates in this newsletter. The Parrot Head Party was a big success and all who attended had a blast. Especially yours truly. Thank you Leslie Colopy and your committee for a super job. The club house is looking better and better each month. We have some barstools now & are hoping to decorate with some nautical décor and helpful ideas are welcome. TOWING TEST:

As your commodore I am expected to routinely test navigational skills of our members. One lonely late night on the river I decided to test a member on his Boat Towing Skills. It might have appeared that I had run out of gas & was stranded on the river but I was merely conducting one of these such tests. I am happy to report that Mr. Don Dorsey rose to the occasion and passed the test with flying colors. You are to be commended & I thank you.
